

Govindjee thanks Jim Dalling and many others ,
especially Rayme Ackerman, for the most wonderful
cake he had ever seen in his life since it really had the
Z-scheme of Photosynthesis !

{ **Govindjee also thanks Fan Zhu for taking the
photos included here..**

Sixty years ago Govindjee came to UIUC for a PhD in the
Emerson-Rabinowitch Unit – this was the reason he was
presented with the cake.. See next slide

September 14, 2016

Here is the most unusual and unique cake of the century– and that too to mark Govindjee’s presence at UIUC for full 60 years.. What a pleasure it was for me – wrote Govindjee on September 22, 2016, to see this “surprise cake”
