# MINECRAFT + MENTAL HEALTH STUDY

## Using Minecraft as a Mental Health Educational Tool

Would you like to learn more about mental health topics  
through playing Minecraft?

- Are you a UIUC Hispanic/Latinx undergraduate student?
- Is Minecraft new to you? (You've never played or have little experience)
- Do you have a Windows computer that can run Minecraft Education Edition and Zoom? (Apple computers may also be accepted).

If you answered YES to these questions, go ahead and email Lixcy Vega at [lixcydv2@illinois.edu](mailto:lixcydv2@illinois.edu) with the subject line "**PARTICIPANT Minecraft Study**" to set up a time and day to participate . Please use your UIUC email for contact.

Study duration: 1hr 20 mins

Compensation: \$15 Amazon eGiftcard

**School of  
Information Sciences**

UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN
