

ARMED FORCES HEALTH PROFESSIONS SCHOLARSHIP PROGRAM

Consider the costs of **Medical** or **Dental** school: Tuition, books, rent, food, lab equipment, student fees, etc! Most medical professionals spend the first 15 years of their practice just trying to pay off acquired loans!!

The United States NAVY can help you! Through the **Health Professions Scholarship Program (HPSP)**, the Navy will pay:

**All Tuition (State or Private School)**  
**All Required Books and Student Fees**  
**\$1907/month stipend while in school**

**PLUS + \$20,000 Sign on BONUS**

**Basic Qualifications: You must be a U.S. citizen and in good health to qualify. After graduation, you will be commissioned as a Lieutenant in the Navy Medical/Dental Corps with the rare opportunity to serve your country as a medical professional. Scholarship students serve one year of active duty in the Navy Medical/Dental Corps for each year of scholarship participation. Internship does not count toward your active duty obligation.**

You can apply before and after being accepted to Medical School. Students planning to start Medical or Dental school in the Fall need to APPLY NOW!! Your regular school schedule will not be affected. You are a student first and last and you will not be removed from your school for any Military reason.
