

Graduate research seminars for the week of March 30 – April 3, 2009

Campus map: <http://illinois.edu/ricker/CampusMap>

Monday, March 30, 2009

Title: **TBA**

Speakers: **Diane DeZwaan (Dr. Freeman's lab) and Dr. Jiaxi Zhou (Dr Wang's lab)**

Hosted by: Cell and Developmental Biology Student and Post doc Seminar Series

Time: noon – 1:00 pm

Location: B102 Chemical and Life Sciences Laboratory (CLSL)

.....

Title: **In the Light of Directed Evolution: Pathways of Protein Adaptation**

Speakers: **Prof. Frances Arnold, California Institute of Technology**

Hosted by: Department of Chemistry

Time: 4:00 – 5:00 pm

Location: 116 Roger Adams Laboratory

Tuesday, March 31, 2009

Title: **The Science of the Lambs: Progress and Applications in Animal Cloning**

Speaker: **Prof. Keith H. S. Campbell, Animal Development, University of Nottingham, UK**

Hosted by: Institute for Genomic Biology

Time: noon- 1:00 pm

Location: 612 Institute for Genomic Biology

.....

Title: **Optogenetics: Development and Application**

Speaker: **Dr. Karl Keisseroth, Stanford University Department of Bioengineering**

Hosted by: Neuroscience Seminar Series; Beckman Institute

Time: 4:00 – 5:00 pm

Location: Room 1005 Beckman Institute

Thursday, April 2, 2009

Title: **TBA**

Speaker: **Dr. David D. Moore, Dept. of Mol. And Cellular Biology, Baylor College of Medicine**

Hosted by: Department of Molecular and Integrative Physiology (MIP)

Time: 12:00 – 1:00 pm

Location: B102 Chemical and Life Sciences Laboratory (CLSL)

.....

Title: **Agricultural Biotechnology: Pathways for Delivering Better Food and More Fuel**

Speaker: **Dr. Robert Fraley, Monsanto Company**

Hosted by: Hong Lecture Series

Time: 4:00 – 5:00 pm

Location: B102 CLSL

Friday, April 3, 2009

Title: **Microbial Life in Yellowstone: A Catalyst for Environmental Change**

Speaker: **Dr. Bruce Fouke, Microbiology and Geology, UIUC**

Hosted by: University YMCA

Time: 12:00 – 1:00 pm

Location: University YMCA, 1001 South Wright Street

.....

Title: **A Double-edged Sword: Metals in the Biology of Bacterial Pathogens**

Speaker: **Dr. David Giedroc, Indiana University, Bloomington, IN**

Hosted by: Biochemistry Department

Time: 12:00 – 1:00 pm

Location: B102 CLSL

Title: **Silence and Noise in Small RNA Regulation**

Speaker: **Dr. Erel Levine, UC San Diego**

Hosted by: Physics of Living Cells Seminar Series

Time: 2:00 – 3:00 pm

Location: 144 Loomis Lab
